

PROPERTY INVENTORY

IT'S INCREDIBLE HOW MUCH STUFF YOU CAN ACCUMULATE OVER TIME!

What's more, things change in value, you might sell some belongings and lose others, and buy new possessions. There are so many reasons to do a home inventory!

Keep your home inventory in a safe place, for example in a safety deposit box, and update it regularly. If you have to make a claim, this could help you avoid lots of headaches!

DO YOU HAVE ENOUGH INSURANCE FOR YOUR BELONGINGS?

It's important to insure the total value of your property so that if you need to, you can file a claim that reflects the true value of what you own as accurately as possible. This can help you avoid any unpleasant surprises.
